

Flower Show Committee Annual Report

First of all, I must thank our outstanding leaders, Lucinda and Sally who so ably guided the Garden Club of Wilmington through this past challenging year. You are amazing ,ladies!

Secondly, I am enormously grateful to our technological website wizard, Wendy Russell for enabling our virtual photography and flower shows as well as creating the beautiful templates for our members to view.

Since this is a Flower Show Committee report, we shall also bask in Wendy's reflected glory as one of the main organizers and participants in the Garden Club of America's Artistic Design Conference as well as her recent award of Best in Show for her floral design,"The Green Flash" at the Garden Club of America's Annual meeting.

The Garden Club of Wilmington held two virtual photography shows wonderfully organized by Photography Chair, Patsy Walls.

We also held virtual fall and spring flower shows. Thank you, to all who entered or assisted. It wasn't always easy, but you persevered.

Who knew, virtual was a FOUR LETTER WORD!
Additionally, the Flower Show Committee sponsored a most successful container workshop led by Chanticleer's Dan Benarcik. Betsy McCoy graciously hosted which also gave participants the added delight of touring her spectacular garden.
Finally, I want to thank my stalwart, generous Vice Chairman, Barbara Cairns. She worked tirelessly so the shows could happen, and was supportive in every way. Thank you,so much ,Barbara.
